DETAILED ACTION

Claim Rejections - 35 USC § 102

1. Claims 1, 2, 4-7, 9-10, 16-18, 22-24, 27-34, 37 and 40-41 are rejected under 35 U.S.C. 102(b) as being anticipated by Tinsley, as set forth in the previous office action. With reference to applicant's argument that Tinsley teaches a cylindrical cavity having a general elliptical cross-sectional shape, it should be noted that the claims do not define therefrom. The left half of Tinsley's elongated casing 12 is considered to be a cylindrical cavity, and the right half is considered to be another cylindrical cavity, both of which are parallel, side-by-side and intersecting, as recited in applicant's claims. With reference to claim 41, applicant is attempting to recite a negative limitation, inherent in the reference, such as just prior to final assembly when the pistons are inserted therein.

Claim Rejections - 35 USC § 112

2. Claims 39 rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. In Applicant's last amendment, Applicant failed to

point out where basis exists in the specification and drawings for the subject matter recited therein.

Allowable Subject Matter

3. Claims 11-13 are allowed.
4. Claims 3, 8, 14-15, 19-21, 25, 35-36 and 38 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Conclusion

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
